

Making Decisions about Abuse

I want to talk to someone
Turn to the people pages

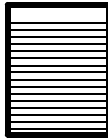

I don't want the person
to work with me

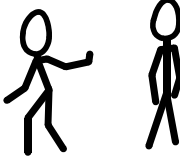

I can make my
own decisions

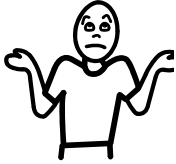

I want to make a formal
complaint

I want the person to be fired

I don't know

I want to file a police report

I want to move somewhere
safe

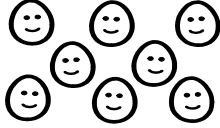

I need help

I want to do nothing

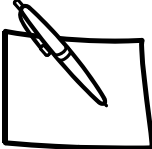

I am afraid this might be happening
to other people

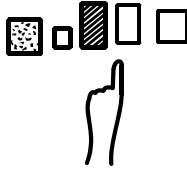

What do you
think?

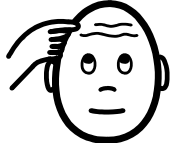

I want to write it down

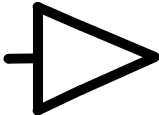

What are my options?

I need to think about it

What will happen if I do that?
