# Communication Access

I know you want to give me access to your service.

I can tell you how you can make your service accessible to me.

I need to understand what you are saying.

You need to understand what I am communicating.

I need extra time to communicate what I have to say.

I need to communicate my own thoughts and questions.

Communication Access (continued)

I need to be able to use and understand your reading materials.

I need to be able to complete and sign your forms.

Access includes communication.

I have a legal right to access services like everyone else.

My rights are protected by many laws in Canada.
