

Communicating With Me

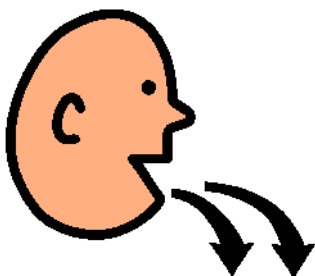

Wait until I have finished
my message.

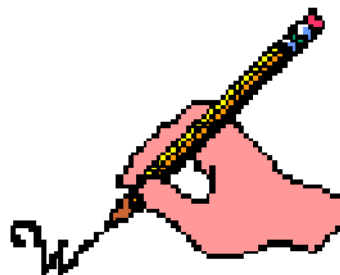

Guess if you think you know
what I'm saying.

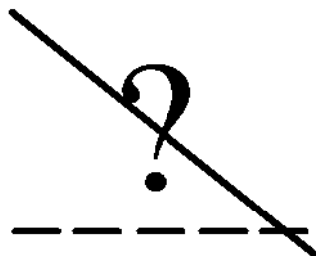

Repeat what you understand
so far.

Write down what I communicate.

Don't guess.

It's OK if you ask me
yes and no questions.

Say what I am pointing
to out loud.

My assistant will help
you understand me.

Let me communicate what
I want to say.

Tell me if you don't understand.
