Wait until I have
finished
my message.

Guess if you think
you know
what I'm saying.

Repeat what you
understand
so far.

Write down what
I communicate.

Don't guess.

It's OK if you ask
me yes and no
questions.

Communicating With Me (continued)

Say what I am
pointing to
out loud.

My Assistant will
help you
understand me.

Let me
communicate what
I want to say.

Tell me if you
don't understand.
